16 The initial filing in this matter in this Court (Dkt. No. 1) consists of a civil cover sheet and a  
17 one page document entitled "Consent to Notice of Removal of Action," in which one defendant  
18 purports to consent to the removal of this action from state court by the other defendants. Docket  
19 No. 2 is a second copy of that same consent. No underlying notice of removal or copies of the state  
20 court pleadings appear to have ever been filed. Without opining whether the filings were sufficient  
21 to effect removal of this action, or, if not, whether the defect can be cured at this juncture,  
22 defendants are hereby ordered to take appropriate steps to perfect the removal or otherwise clarify  
23 the status of these proceedings.

24  
25 IT IS SO ORDERED.
